

**Leading Manufacturer & Suppliers Of Rubber Roller For
Plastic - Leather - Lamination - corrugated Printing -
Textile - Paper - Pharma - Food - Steel Industries**

INDIAN LEADING

**MANUFACTURER AND EXPORTER OF
INDUSTRIAL RUBBER ROLLER**

HARVIN RUBTECH INDUSTRIES

- Incepted In The Year 2014, We Have Been Manufacturing And Exporting A Wide Range Of Rubber Roller, Hard Chrome Plated Roller, Bow Expander, Aluminum Roller, Industrial Brush Roller Etc. Made Of Different Types Of Polymers For Best Anti Abrasion And Anti-corrosion Properties So As To Ensure Trouble Free Life Our Wide Range Showcases Bow Expanders, Rollers, Polymers Spreaders And Web Allivers In Different Sizes, Dimensions And Models.
- It Is Due To The Extensive Research And Development Facilities Provided By Our Ceo Mr. Hardik Patel That We Have Been Empowered Us To Design And Produce Upgraded And Innovative Products That Are Durable, Maintenance Free, Versatile And More Suited For The Contemporary Requirements.
- As A Quality Conscious Company, We Have Always Associated Ourselves Only With The Leading Suppliers Of The Country, For The Purchase Of The Raw Materials. It Is Only After Quality Check That We Start Our Production Process To Meet The Requirements Of Our Clients
- Under The Efficient Guidance Of Our "Engineers", Who Has Rich Experience In This Field, We Have Gained A Respectable Position In The Market. His Ethical Business Practices, Leadership Qualities, And Sound Strategies Have Enabled Us To Muster A Huge Client Strategies Have Enabled Us To Muster A Huge Client Base Across The Nation.

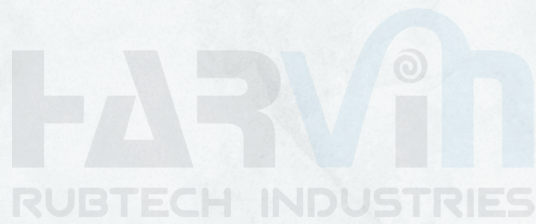

RUBBER COVERED ROLLERS

Material: EPDM/Neoprene/Silicon/Hypalon Key Performance Indicator

- ✓ Giving Appropriate Hardness Depending On The Type Of Printing
- ✓ Uniform Hardness On All Over Surface Within +1 Shore Variation.
- ✓ No Run Out On Finished Diameter With Reference To Hearing Size
- ✓ Wide Range Of Coating To Counter Chemical/solvent Effect
- ✓ Outstanding Rubber Surface Finish Without Porosity
- ✓ Selection Of Polymer & Proper Compounding

POLYURETHANE ROLLER

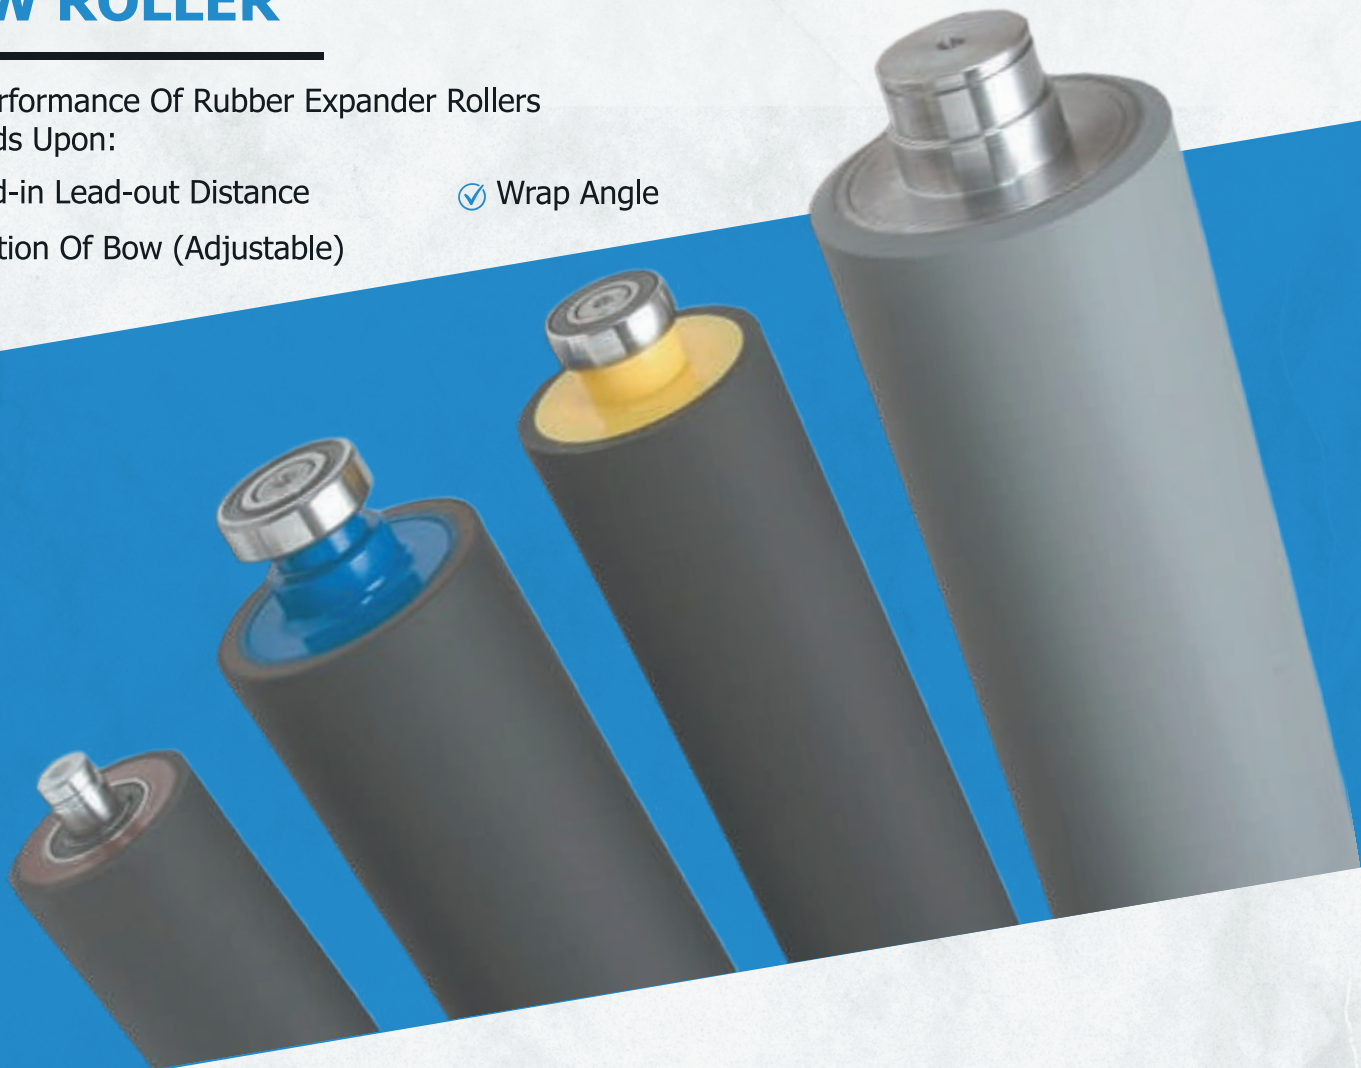

We are one of the predominant Suppliers & Distributors of a wide range of products which include Polyurethane Rollers such as Polyurethane Roller, 1500mm roller, Bridle Roller, Ink Roller, Roller for Steel Industry, Taper Roller and many more items.

BOW ROLLER

The Performance Of Rubber Expander Rollers Depends Upon:

- ✓ Lead-in Lead-out Distance
- ✓ Wrap Angle
- ✓ Position Of Bow (Adjustable)

GRAVURE PRINTING ROLLERS

Gravure Printing Technology Demands High Speed And High Printing Quality Roller. Impression Rollers: Used In This Machine Should Be Highly Precise And Resistant To Solvents And Chemical In Contact. Our Impression Roller Compounds Are Designed For High Speed Machine With Solvent Resistant Polymers And Anti Static Properties. The Details Of Our Product Offered Is Given Below.

Type	Hardness	Series	Application & Features	Concentricity	OD	Length
GRAVURE MACHINES	70-75	ARI ARI ARI ARI	<ul style="list-style-type: none">• High Dynamic Properties• Resistant To Ink• Durability	0.03	±0.05	10.1

SOLVENT LESS LAMINATION ROLLERS

Harvin Rubtech Industries Offer You Solvent Less Lamination Rollers That Have Excellent Chemical Resistance & Durability, Maintaining Their Shape For Long Service Life, High Level Of Print/laminations Performance Along With Remarkable Solvent Resistance To The Aggressive Effect Of Different Solvent Less Machines Like Nordmeccanica, Scheuvi, Uflex, Expert, Cerutti, Kohli Etc.

With Experience Achieved, Together With Different Users Of Solvent Less Machines We Offer Superior Grade Compounds.

PRODUCT PARAMETER

- ✓ Hardness-80-97 Shore A
- ✓ Concentricity-50.05
- ✓ 00-±0.05
- ✓ Length: 10.05

HEATING & CHILLED ROLLER

Polishing Rolls, Heating And Cooling Rolls, Embossing Rolls, Chill Roll And Laminating Rolls

Made Of Steel, Stainless Steel, Copper And Aluminium.

Machinery Equipment Up To 1000 X 3500 Mm And 12500 Kg.

ALUMINIUM ROLLER

We Manufacture And Supply A Wide Range Of Aluminium Rollers. Made Available In A Variety Of Sizes And Other Specifications, The Aluminium Rollers Offered By Us Are Widely Acclaimed For Their Excellent Design. The Entire Range Of Aluminium Rollers Is Fabricated In Accordance With The Set Industrial Norms To Assure The Best. In Addition, We Conduct Strict Inspections To Offer A Flawless Range Of Aluminium Rollers In The Market.

SALIENT FEATURES

- ✓ Long Service Life And Cost Efficiency
- ✓ High Chemical Resistance
- ✓ Extreme High Operating Temperatures
- ✓ Dynamic Endurance
- ✓ Excellent Hardening And Transfer Characteristics
- ✓ Adjustable Electrical Properties
- ✓ Proper Selection Of Polymer As Per Your Application
- ✓ Optimum Tensile Strength & Elongation
- ✓ Perfect Bonding With Metal Core
