Built to perform impressively

MX-50i

Intelligent Currency Counter-cum-Detectors

Specifications

Counting speed	- 1200 notes/min
Hopper capacity	- 200 notes
Stacker capacity	- 150 notes
Detection technology	- UV, MG, MT, IR & Width
Power supply	- 100-240V AC, 50/60Hz
Power consumption	- ≤80W
Dimension	- 330(L)*265(W)*220(H)mm
Weight	- 7.6Kg

iScan Technology at affordable price -
Introduced in India for the first time in 2008, by Maxsell

Trusted by RBI & major financial institutes

Integrated alarm

(Display Optional)

Specialty built to detect Super fake notes

With the most enhanced **iScan** Technology which is tried & tested by RBI & with top-grade detection techniques, even the minutest anomalies cannot escape.

Makes your job easier

Fake notes will be indicated by a prompt alarm, so that you leave detecting counterfeits to MX-50i, while taking time for other parallel tasks.

Save time with automated operations

Reduce manual errors with built-in, smart batch presetting & adding modes, to make counting and instant payment quicker & easier.

Upgrade to the latest, without investing more

Save on investment, by remaining updated with latest & fastest technology through chip upgradation, without changing the entire hardware.
