About Us

Shri Raj Industries is one of the fastest thriving and rising names in the Indian market that is known for an exclusive range of solvent cements. Our ambition is to become a resourceful and promising hand for customers who require the finest grade materials at budget-friendly prices. For this, we are working proficiently as a manufacturer and wholesaler. The range offered by us including 910 CPVC Heavy Duty Solvent Cement, 710 PVC Heavy Duty Solvent Cement, 810 UPVC Heavy Duty Solvent Cement, etc., is gaining popularity under the brand names of Superfix and Raj. Their quick results and durability make them the top quality products available in the entire marketplace.

Our customer-friendly nature of workflow management makes us a highly reliable and preferable option for customers. We understand their requirements and expectations from our products, deals & servicing very deeply. And, we strive to meet them perfectly from our end with the completion of each deal. Our company is constantly taking innovative steps to gain the attention and interest of customers and looking forward to amassing a strong clientele base from every corner of the country in upcoming years.
