About Us

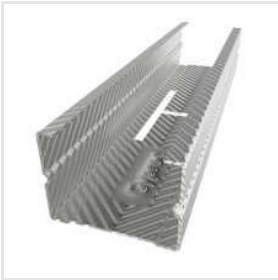

Saint Gobain India Pvt. Ltd. is a global company, employing over 400 individuals. We are a leading manufacturer and supplier of Ceiling Angle, Gyp Serra Intermediate Ceiling Channel, Ceiling Section, Gyp Serra Closed Stud, Gyp Serra Acou Stud, and more. Our aspiration is to establish ourselves as the global front runner in light and sustainable construction. Our company is engaged in the design, production, and distribution of materials and services tailored for the construction and industrial sectors. These solutions are integral to our living environments and daily activities, appearing in buildings, transportation systems, infrastructure, and various industrial applications. They enhance comfort, performance, and sustainability while addressing the pressing challenges of de-carbonizing the construction and industrial sectors, conserving resources, and managing rapid urbanization.

The organization offers comprehensive solutions for the renovation of both public and private structures, lightweight construction, and the decarbonization of the construction and industrial sectors. These solutions are the result of an ongoing innovation process that emphasizes sustainability and high performance. Our company is driven by its mission: making the world a better home. While our company derives its fundamental values and expertise from its French heritage, it has effectively cultivated an international presence through a localized strategy that caters to the unique requirements of its clientele. This approach has enabled us of a robust reputation across all continents. Our business model, along with its globally acknowledged capability to acquire and integrate firms worldwide, empowers it to leverage the strengths of prominent, sophisticated, and well-established brands.
