## About Us

AVR Tools & Technologies stands at the forefront of delivering advanced battery component solutions, engineered to meet the evolving demands of modern industries. The company manufactures and supplies a diverse range of high-performance products, including battery container, plastic battery madrest flap, battery separator, battery side packing, and vent plug. Each product is meticulously designed to ensure exceptional durability, dimensional accuracy, and long-lasting performance.

Innovation drives every solution at our firm. Engineered for precision, the product lineup is crafted from eco-friendly materials and built to offer superior resistance to chemicals, heat, and corrosion. With an emphasis on leak-proof construction and optimized space utilization, these components not only enhance safety but also support efficient battery operation. Lightweight design and easy installation add to the practicality, while customizable options provide the flexibility to meet specific industry needs.

The commitment to quality is reflected in strict compliance with industry standards and a focus on delivering cost-effective, low-maintenance solutions. Advanced engineering practices, combined with robust structures and superior sealing capabilities, ensure that each product exceeds expectations for reliability and safety. From enhancing battery life to improving performance under demanding conditions, we consistently deliver components designed for the future.

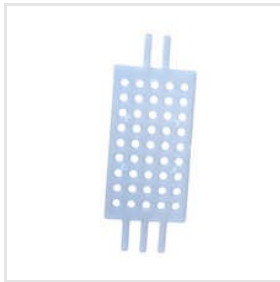

## Key Facts

<b>Nature of Business</b>	Manufacturer
<b>No of Staff</b>	60
<b>Year of Establishment</b>	2010
<b>No of Production Lines</b>	1
<b>OEM Service Provided</b>	No
<b>Monthly Production Capacity</b>	5 Lakh

**Our Products**

**170x70x25mm Plastic Battery Madrest Flap**

**170x50x1.5mm Battery Separator**

**30x2mm Vent Plug**

**240x163x18.5mm Battery Side Packing**

**210x168x11.2mm Battery Side Packing**

**Red And Black Battery Terminal Protector**

**22x2mm Vent Plug**

**Laxmi Yantra**
