HR SHEETS AND COILS

Authorised Distributor of TATA Steel

About Us

International Loha Bhandar Private Limited is an Indian private company incorporated on 18/01/2006 with the aim to serve the best steel products. We are a wholesaler company with the National Industrial Classification (NIC) code of 27110.

Established in the year 2006 at Faridabad (Haryana, India), our company trades in a wide range of HR Coil, HR Plates, HR Sheets, etc. These products are procured from certified vendors and manufacturers in the industry. Since we source our products by investing time and knowledge you can be assured about their high strength, smooth surface finish, durability, anti-corrosive, etc.

Our Competitive Edge

ILB owns sizable warehouse facilities in Jaipur/Faridabad and Ghaziabad that help with maintaining a large inventory for instant distribution of orders.

Mission

At ILB, our mission is to supply and deliver top quality steel products to our clients in a sustainable cost-effective manner and provide exceptional customer service.

Vision

ILB envisages a future of intelligent growth that simplifies the product procurement process for clients while also providing exceptional service.

Core Values

Trust

We believe that without trust a transactional relationship cannot be successful.

01

02

Quality

We emphasize on quality which is why we only source our steel products from well established steel manufacturers.

Safety

We practice in training our staff to the highest standards to put their safety first along with our clients.

06

03

Commitment

We are committed to accountability and customer service and cultivating and mentoring a highly skilled workforce.

Empowerment

We believe in empowering our clients with the latest in the industry on one hand and empowering our workers with open communication.

05

04

Innovation

Innovation allows us to bring our clients with the latest advanced solutions in the industry and improve their capabilities. It allows us to be versatile while being steadfast in our delivery and commitment.

Testimonial

Mr. Prabh Jyoti Singh.

Owner, Bird Machines, Palwal, Haryana
As a vendor of a leading heavy machinery manufacturer, we rely on our suppliers to deliver high-quality steel products on time and at a competitive price. ILBPL has consistently met and exceeded our expectations, providing us with the right steel grades and sizes we need for our projects. Their customer service is also top-notch

Mr. Harish Chand Jain

Director, Rajasthan Steel Tubes Pvt Ltd, Jaipur, Rajasthan

ILBPL has been our trusted partner for our steel requirements for years. They understand our specific needs for tube manufacturing and always provide us with the right steel grades and sizes we require. Their quality and consistency are unmatched, and we appreciate their dedication to our business.

Mr. Kamal Singal

Director, Hissar Pipes Pvt Ltd., Hissar, Haryana

We have been dealing with ILBPL for our tube manufacturing for some years now, and we have been consistently impressed with the quality of their service. Their consistent supplies of Tata Steel Material, has helped us create strong and durable tubes that meet the needs of our customers. Their service is exceptional.

Mr. Saurabh Bansal

Director, Eastern Bearings / ARB Bearings

ILBPL has been an invaluable partner in our solar panel manufacturing business. Their expertise in steel selection and their commitment to quality have been critical to our success. Their team is always responsive and helpful, and we trust them to deliver the steel we need, when we need it.

From the Chairman's desk

“*At ILB, we visualize a future of intelligent growth through streamlining the process of acquiring steel products for our clients. We, along with our partnership with TATA Steel Ltd., intend to set the benchmark where our clients know that they can trust our quality and service for all their steel-related needs.*”

Exceptional services to our valued clients

ILB offers a range of Hot Rolled Products including coils, plates and sheets. We supply HR products of domestic make manufactured by the finest mills around India. They comply with various Indian and International Standards to meet different segment requirements. We also offer Cut-to-Length Sheets service to our customers.

We focus on the entire process of the project, concept through completion.

Our Clients

Our Products

HR Coils

HR Coils are Hot Rolled coils that are widely used as a raw material in many industries like Cold rolling / Tubing, etc. In addition to this, they are also used as a direct application in PEB, Fabrication segment, etc.

We carry suitable inventory for Mild Steel (MS) High Carbon Steel (MCHC) and Special Steel (Chequer as well as High Tensile) to serve the immediate requirements of the user.*

Product Specification

- Material: Mild Carbon Steel/Specialized Steel
- Thickness: 1.60mm to 25.00 mm
- Width: 1200mm to 2000mm
- Grade: IS 2062: E250 Gr A/ B/ C, E350 Gr A/ B/ C, IS 10748: Gr 1/2/3
- Brand: TATA Astrum (TATA Steel Ltd.)

HR Sheets

HR (Hot Rolled) Sheets are available both in Standard Length (company made packets with brand marking) and Customizable length from HR Coil, suiting the requirement of the consumer. They can be made ready available in a short span of time.*

Product Specification

- Thickness: 1.60mm to 4.99m
- Width: 1250mm to 2000mm
- Length: Standard & Customizable
- Grade: IS 2062: E250 Gr A/ B/ C, E350 Gr A/ B/ C IS 10748: Gr 1/2/3
- Brand: TATA Astrum (TATA Steel Ltd.)

*This product specification is subject to change, so please check the latest specifications when ordering or consult with the person in charge.

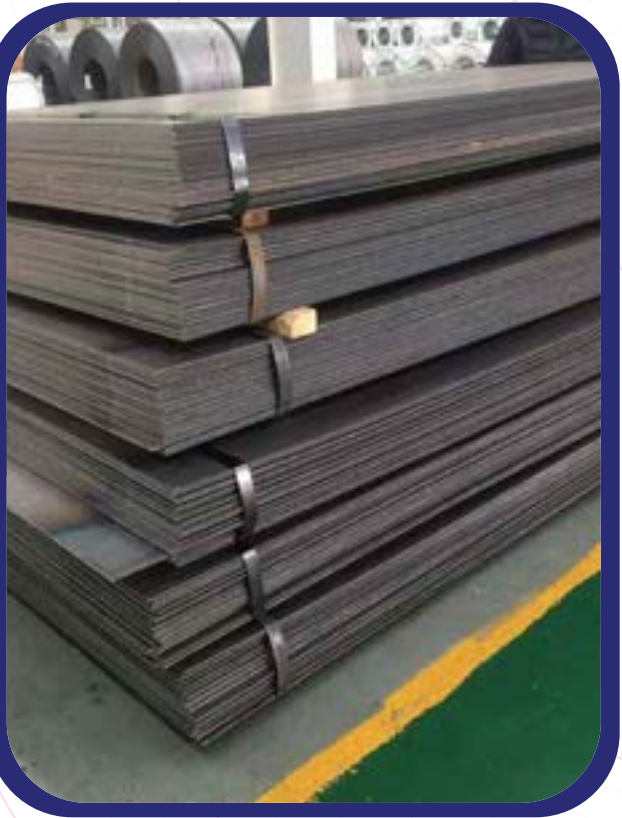

HR Plates

HR (Hot Rolled) Plates are also ready available in the similar manner as HR Sheets. As per industry norms, material above 4.75 mm thickness are terms as Plates. This is also available in both forms. Standard Length (Company made packets with brand marking) and Customizable Length from HR Coils.*

Product Specification

- Thickness: 5.0mm to 25.0mm
- Width: 1250mm to 2000mm
- Length: Standard & Customizable
- Grade: IS 2062: E250 Gr A/ B/ C, E350 Gr A/ B/ C IS 10748: Gr 1/2/3
- Brand: TATA Astrum (TATA Steel Ltd.)

HRSP0 material

This is Skin passed, Oil and pickled material which is largely used in auto components manufacturing, panels, cable trays, storage racks, etc. This is highly useful for industries that required absolute flat steel.*

Product Specification

- Thickness: 1.60mm to 4mm
- Length: Customizable
- Width: 1250mm
- Grade: IS1079D, IS2062E250 Grade A, ISI7048 Grade 1/2

*This product specification is subject to change, so please check the latest specifications when ordering or consult with the person in charge.

Mild Steel Chequered Plates

Mild Steel Chequered Plates are known in industrial sectors for their rust resistance nature and superior finish. These steel plates are demanded by various automobile, PEB & machinery industries of the market.*

Product Specification

- Material: Mild Carbon Steel
- Thickness: 2.5 mm to 10 mm
- Pattern: Diamond
- Width: 1250mm
- Grade: IS 3502
- Brand: TATA Astrum (TATA Steel Ltd.)

GP (Galvanized Plain) Coils and Sheets

GP Coil or Sheets are Galvanized Steel Coil or Sheets that are zinc coated and Cold rolled sheets.

Due to their excellent finish and quality, these are widely used in various industries like White Goods Manufacturing, Pharmaceuticals, Food Processing, Oil and Gas, Heat Exchangers, Jet Engine Parts, etc.*

Product Specification

- Thickness: 0.25 mm to 3.00 mm
- Width: 900 mm to 1250 mm
- Length: Customizable
- Slit Facility: Available
- Coating: 80 GSM / 120 GSM

*This product specification is subject to change, so please check the latest specifications when ordering or consult with the person in charge.
