## About Us

Krishna Plastics is one of the reputed companies, running operations as a manufacturer, trader, and wholesaler of high-quality plastic pipes. The company was incorporated in 2005 in Indore, Madhya Pradesh, India. We entered the market with the objective of providing an excellent range of pipes and hence we started offering Navy Force HDPE Pipe, Krishna Kissan PVC Tubing Zebra, Krishna Super LD Lapeta Pipe, etc. These pipes are extensively demanded in the market for different purposes and hence we receive high orders throughout the year.

We perform as a one-stop shop for our clients, from which they can get pipes of different specific requirements. We focus on fulfilling the demands of clients in an accurate manner that makes us prime choices for our clients. We accept orders in large quantities and fulfill them on time, without any defects due to manufacturing excellence. Our business studies the needs of sectors like chemical, food, oil, and agriculture before creating products that precisely meet those needs. Till the date, our company has not received any product-related complaints, this is due to the strict standards we uphold while manufacturing range and conducting quality inspections.
