About Us

Medical utility are items are to doctors what pen and quills are to scholars as each of the items are so intrinsically and integrally attached with their respective crafts that the mere imagination of their imagination without their existence sounds hollow. With the goal of making a name in the highly competitive international market and empower the consumers with the best quality wares, Medi Supplies Ltd. offers an expansive range Health Care Products, wellness products and medical utility products.

The most important asset one can boast of, irrespective of their social standing, is their health, on deterioration of whom people take the help of medical professionals who in turn, rely on their tools and health boosting supplements. With the goal of offering the most reliable medical utility products, Medi Supplies Ltd. offers a wide range of wellness and health care products which are known for their stellar quality, features and reliability. Based in Port of Spain province of Trinidad and Tobago with an industrial experience of more than an couple of years at our disposal, we deal in the aforementioned category of products that include, but are not limited to, Blood Pressure Monitors, Health Care Products, Cosmetics and Disposable Medical utility wares, in addition to a host of others.
