## About Us

We, Praveen Engineering & Steel Industries are a leading manufacturer, distributor and supplier of Mild Steel Circle and Metal Pipe Fittings like Mild Steel Flanges, Slip on Flanges, Plate Flanges, Blind Flanges, etc. Established in the year 1988, at Bhavnagar, Gujarat, India, we are pioneer business entity in this domain. For us, the safety of the products is must for which we have developed a spacious storage facility where the entire range is kept under the keen vigilance of professionals. If any individual require Pipe & Pipe Fittings in any standard size or particular specifications than they don't have to worry as we are capable enough to manufacture such goods quickly for them. All our offerings are known for their sturdy construction, smooth surface and perfect engineering works done on them.

We assure we serve only the best quality products to all our clients. To guarantee product flawlessness from every possible parameter, we see to it that offerings are manufactured utilizing A grade raw materials and using the most advanced machinery and equipment. The whole production process is carried out under the guidance and supervision of our experts. After the completion of production procedure, the outcoming products are inspected by a team of vigilant quality checking experts who evaluate products in terms of every parameter. This helps us assure that all offerings are perfectly constructed and are defect free in nature. After completion of the product testing process, offerings are well packed and stored properly to avoid corrosion and other damages. Our experts also make sure that every offering is safely dispatched within the prescribed time limit and in exact amounts as required.
