About Us

One of the most widely used equipment for protecting one's homes, offices and buildings from accidental fire is the fire ball. We understand the importance of such safety devices and to serve our clients the best range of safety equipment that are far superior to other alternatives available in the market, we have entered in the domain. We are Fire And Personal Safety Enterprises – a proud manufacturer, exporter and supplier of a wide variety of fire ball that is designed to be compliant with all industrial regulations. Our range comprises GFO Fire Plant, Safety Fire Ball, Fire Ball, Office Flower Pot Fire Ball, GFO Fire Fighter Drum, etc. Our know how has provided us with extensive knowledge and we have passed this on to our production team which is driven by passion. Our production personnel leave no stone unturned to manufacture and provide the best quality equipment range to our clients and that too at affordable prices. To ensure delivery of a range that is a class apart, we make our entire product line go through various tests. We also believe in innovation and give full freedom to our employees to experiment, innovate and come up with the best quality range that aligns with modern day fire fighting needs.

Fire And Personal Safety Enterprises knows that response to accidental fire needs to be prompt. Therefore, it make no errors while fabricating its range of safety equipment like GFO Automatic Fire Ball, GFO Fire Fighter Drum, Fire Ball, GFO Fire Plant, Office Flower Pot Fire ball, etc. We started from the city of New Delhi, and today, are growing at a very rapid pace owing to our customer friendly policies. The quality of our products is also unmatched as we make strenuous efforts to keep pace with leading edge technology during product design and testing. We strive to build healthy relationships with clients by working in a fair and coordinated manner as a team. In just a year, we have built a client base spread across the country. Our fast growth is commendable and we wish to achieve even more.
