About Us

Powercraft Engineers is a prestigious trading company. We have been running our operations since 2010 and delivering high quality protective coating chemicals and passive fire protection products. We are one of the most trusted traders and wholesalers of CharCoat Hydrocarbon Fire Rated Cable Coating Chemical, CharCoat CTI Passive Fire Rated Cable Coating Chemical, CharCoat Fire Gypsum Based Mortar, CharCoat Intumescent Fire Resistant Acrylic Sealant, and many other products.

We procure and supply products of renowned CharCoat brand, which was formed in 1994 by Mr. Sean Ritchie. Since then, this brand has been protecting assets of people from electrical cable, structural, hydrocarbon and jet fires. CharCoat CC is famous in the global market for providing passive fire protection (PFP) products. The products of CharCoat are provided to customers with aspread of flame certification (ASTM, UL, FM, IEC), radiant heat, rodent certification, UV certification and nuclear application. The brand currently has its offices in various parts of the world including the Thailand, India/Middle East, South Africa, Malaysia, Philippines, Hong Kong, Turkey and Trinidad, with its head office located in British Columbia, Canada.
