About Us

Total Solutions Industries Supplies is soaring high in the industry by offering a dependable range of products such as Spray Guns, Heavy Duty Trolley Jack, Impact Wrench, Air Compressor, Spring Balancer and a range of other pneumatic products. We are working in coordination with our vendors like Anest Iwata, Prona, Elephant, Techno, Painter, Phoniex, Brasstech and Artmaster in the industry. Our vendors are selected by our purchasing agents who conduct research and carefully assess our vendors before establishing alliance with them. Finding the genuine vendor, liaising with the suppliers and managing operational costs are all tasks, undertaken and perfectly completed by our employees in a timely manner. Besides a credible vendor base, our position as a genuine trader and supplier is underpinned by our ethical business approach. We maintain clarity in business deals, right from the beginning until the shipment is dispatched from the premises, to ensure complete peace of mind.

Few years back in the year 2017, our company Total Solution Industries Supplies started business operations as a trader in Chinchwad, Maharashtra. From reputed vendors, we purchase our products like Tyre Inflator, Heavy Duty Air Blow Gun, High Pressure Washing Gun, Air Die Grinder and more. All products are made available at reasonable prices and at the doorstep of customers. To ensure timely deliveries, we have tied up with fastest shipping companies. They help us making safe and prompt deliveries of our products to near and remote regions. Moreover, our ethical and business approach are second to none.
