## About Us

Cefa-Cilinas Biotics Pvt. Ltd. is a prominent manufacturer of chemicals, specialty chemicals, agricultural ingredients, and API intermediates. Iodine derivatives, benzonitrile derivatives, acetophenone derivatives, Indole derivatives, plant growth regulators, plant growth inhibitors, and specialty chemicals for bulk medicines, Cosmetic, and API's uses are all manufactured in-house. Our strategic alliances developed globally help us achieve speedier growth rates and gain support from exporters, major multinational companies, and customers. Our company was founded in 2012 to actively promote safe and healthy living. Cefa-Cilinas is a recognized brand in the manufacturing of the product mentioned above categories.

Our company is located in Plot no. T28/4, STPI Chikalthana MIDC, Maharashtra, India. We have our specialized R&D center, where we develop products. Our constant focus is on developing economically viable advancement with low pollution and providing timely service to customers with high-quality products. Our company is also focused on providing superior quality products to our customers at reasonable prices, which is essential in retaining customers for a long time and maintaining a healthy business relationship with them. Our company has among the greatest USPs in the industry. Our major goal is to build an export market and create jobs in the country alongside establishing wings in other countries such as Ireland, United Kingdom, China, Brazil, and United States to provide the best possible service to customers both after and before sales. Our company now has an export market in which we export our products to nations such as China, Brazil, Japan, United States, Malaysia, and South Korea.
