

M Fold Tissue Paper

M Fold Tissue Paper is a very soft and highly absorbent tissue paper designed for use in toilets, washrooms, kitchens, offices, dining areas, and other hygiene-sensitive environments. Its convenient folded design makes it easy and comfortable to use while helping users maintain cleanliness and hygiene. The tissue paper effectively absorbs water, oil, and moisture, making it suitable for drying hands after meals and cleaning everyday spills. Being disposable in nature, it offers a convenient and hygienic solution that can help reduce the spread of germs through shared-use towels. M Fold Tissue Paper is ideal for offices, restaurants, hotels, hospitals, commercial establishments, parties, large gatherings, and households. It is lightweight, easy to carry, and simple to store. It can be conveniently placed on dining tables, washroom counters, kitchen areas, office desks, or inside cars for quick and easy access. With its softness, absorbency, convenient folding, and disposable design, M Fold Tissue Paper provides a practical solution for everyday hand drying and cleaning requirements.
