## About Us

In the Indian marketplace, we, **Parth Industries**, are considered a top provider of **Sanitary Bath Fittings, Washing Machine Pipes** & more. Everyday, we make available the most reliable and durable series of products at the forefront of the competitive market in exchange of reasonable prices. The quality of our **Seamless Flexible Waste Pipe, Washing Machine Pipes, PVC Connection Pipes and Sanitary Bath Fittings** etc. is confirmed to be in perfect compliance to the set standards, at all times. To assure the same, we conduct stringent tests on our manufactured array, under the vigilance of reputed industrial experts. The batches that pass the tests are dispatched from the facility. This way, we make sure that no defected piece leaves our business facility. As a responsible **manufacturer** and **wholesaler**, we focus on making super fast deliveries of our promised range. To ensure this efficiency, we have partnered up with a remarkable distribution network, which is spread across the country. With its support, we are aiming to become more efficient.

## Our Infrastructure

Our enterprise is the owner of a spacious infrastructure facility, established at Telangana. The facility has been backed with 24X7 power supply, talented workforce, advanced machines & equipment and other necessary amenities. Together, all these help us in constantly dispatching the best range for our clients. The well-maintained facility also supports us in completing each job with speed and precision. We are determined to expand and upgrade our infrastructure facility in the future years, so that we can improve our business performance in the industries we deal in.
