

**Sarthak PVC**  
**World Pvt. Ltd.**

Manufacturer of Rigid PVC films

Committed to make  
**World Class**  
**Quality Products**

# OVERVIEW

We, Sarthak PVC World Private Limited, a Madhya Pradesh, India, based company, are renowned in the domestic marketplace as a profound business entity, whose motive is to create a dominant hold in the packaging industry.

Our entire range of rigid PVC films are made by calendaring process and are suitable for both rotary and flat bed blister packing machine. Our factory is spread over 82,500 sq.ft. with ample space for our future ambitions to grow and expand in different segments. The present production line is already prepared with two calendar lines in mind.

Our packaging solutions find their application in multiple industries and so in accordance to the specific requirements of the industry.

## DIRECTOR'S MESSAGE

We are here to build a great company. A company that has achieved the highest levels of customer satisfaction. A great place to work, a provider of exceptionally high quality service, a Company that carries itself in the market place with the highest levels of business integrity and business ethics, a company composed of dedicated, accomplished professionals, committed to customer. We are here to build a company in which we can all take great pride

**Naresh Betala**

### We Deliver **QUALITY**

Since we are already supplying bottles in Pharma companies, we understand how particular they are for quality and hygiene, and so we haven't left any stone unturned to maintain extreme hygiene and cleanliness in our plant. We have separated loading and unloading sections from our main plant to ensure dust proof finished products. All the workers are strictly to follow the Pharmaceutical norms of dressing before they enter the manufacturing unit and so we have provided them a separate changing room for the same.

Also at each step we have set quality standards and various check points so that there is no compromise from our side. We even have separate quality team and a laboratory to inspect all the processes and products from raw to material to final product before they are sent for slitting or dispatch.

**Sarthak  
PVC World  
Pvt. Ltd.**

### Company Strategy

Purpose to be a leader in the Rigid PVC films industry by providing enhanced services, relationship and profitability.

### Vision

To provide quality services that exceeds the expectations of our esteemed customers.

### Mission Statement

To build long term relationships with our customers and clients and provide exceptional customer services by pursuing business through innovation and advanced technology.

### Core values

We believe in treating our customers with respect and faith & we integrate honesty, integrity and business ethics into all aspects of our business functioning

### Goals

Diversification in the PVC industry and develop a strong base of key customers.

Increase the assets and investments of the company to support the development of services.

To build good reputation and become a key player in the industry.

### Why US ?

We have a 6 roll calendaring plant with mirror finish nip roll attachment which gives clarity and gloss to film which is rare to find in India

Emboss unit is an additional advantage with the calendar.

We have automatic high speed slitting unit which ensures perfection.

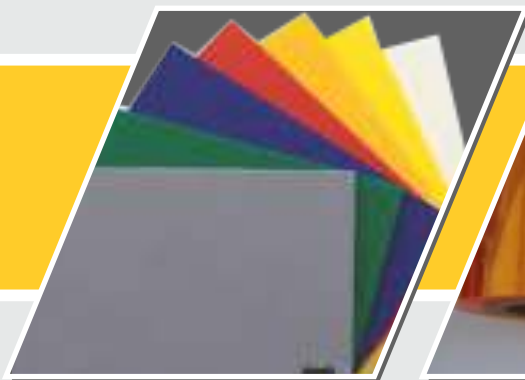

We are located in Indore, Madhya Pradesh which lies in the central hub of India enabling us to deliver all over India with ease.
