About Us

Perfect Industries is a partnership company dedicated to fabricating a product mix of components and machinery. Mr. Farhan Patel along with his partner laid down the foundation stone of the company in 2012 with the motive to meet the ever growing demand for tin products and machinery in the market. Five years and more to go as a manufacturer & exporter of Tin Components, Tin Can Components, Brush In Can Components, Tin Can Making Machinery, and Tin Components Machinery. Our company started with a capital investment of Rs 30 Lakhs and we take pride that we have reached an annual turnover of Rs 92 Lakhs in merely half a decade. We have found overseas markets for selling our products and ship 50% of our produce to those markets.

Perfect Industries is a 2012 established and Vadodara, Gujarat, India, based engineering company that produces and ships Tin Can Making Machinery, Tin Components Machinery, Tin Components, and Brush In Can Components. Our machine segment include machines for the production of tin cans and components in varied shapes and sizes. Customers can avail the model whose capacity and specifications suit their application requirement. For companies that need tin components and can components, we can develop the same in simple to complex designs. Our engineers and technicians can work on the component designs and specifications provided by clients. Customers can come to us for purchasing the standard line we hold or get bespoke products.
