## About Us

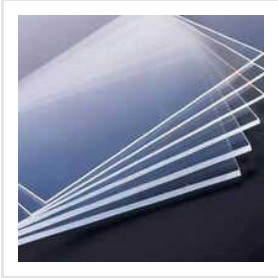

G Polyplast Industries is a well-experienced company established in the year 2016 as a producer of plastic sheets and boards. Ever since our inception, the prime objective of the company is to bring forth the best quality plastic sheets which are used in packaging, building & construction, household, advertising, textile and other industries. We have installed state-of-the-art as well as imported processing machines in our facility which enable us in manufacturing quality products such as Color Polypropylene Sheets, PP PE Thick Block Sheets, Roofing Sheets, Cable Drum Protection Sheets, Clear Poly Ethylene Terephthalate Sheets, etc.

The goal of our firm is to attain excellence in this sphere by delivering unmatched quality goods at the most reasonable prices. The in-house testing lab allows us to regularly check the quality of the products against several parameters. All the equipment installed in our lab is fully automatic such as calcium tester, dart impact, oven, dumble cutter, izod impact, melt flow index, etc. We can also customize the products as per the specific requirements of the clients.
