

20180502, Automatic Biodiesel Plant, Batch Neutralizing Plant, Batch Oil Refinery Plant, Bio Diesel Plant, Biodiesel Pilot Plant, Biodiesel Plant 10 TPD, Biodiesel Plant 20 TPD, Biodiesel Plant 30 TPD, C M Bernardini, Chemical Refining Plant, Cobalt Solvent Extraction Plant, Commercial Oil Refinery Plant, Continuous Bleaching Plant, Continuous Chemical Refinery Plant, etc.

CONTINUOUS CHEMICAL REFINING UNIT

CONTINUOUS CHEMICAL REFINERY PLANT

CONTINUOUS PHYSICAL REFINING PLANT

About Us

Working with the vision of fabricating a range of high performance machines in accordance with the current market requirements, SPEC Engineers & Consultant Pvt. Ltd. has earned a worldwide recognition in a very limited span of time. Founded in 1994, we are a leading manufacturer, supplier and exporter of Oil Refineries, Hydrogenation Plant, Industrial Hydrogenation Plant, Hydrogen Production Plant, etc. Right from the very first day of our inception, we have been serving the best range of processing machinery for the global Edible/Vegetable Oil Processing Industry.

Managed by a group of experienced professionals, we always take a close insight into the emerging requirements of the market and try to develop a range of products which are high on every aspect of efficiency, quality and performance. We have introduced a system for Multi-fold Capacity Enhancement of Continuous Deodorizers & Physical Refineries. The company's tireless attitude towards innovation also paves the way for visualization of Conversion of Continuous Deodorizers to Physical Refiners. Our products are utilized in the oil, dairy, edible (vegetable) oil processing, pharmaceutical and related industries. Besides dealing in the above mentioned products, we also offer project engineering services for vegetable oil plants. The company also undertakes turnkey projects related to the designing, commissioning, repairing, installation, etc. of vegetable oil plants. The company is a member of many reputed organizations like the American Oil Chemist Society (AOCS), Oil Technologist Association of India (OTAI), Engineering Export Promotion Council (EEPC), Delhi Chambers of Commerce and Solvents Extraction Association.

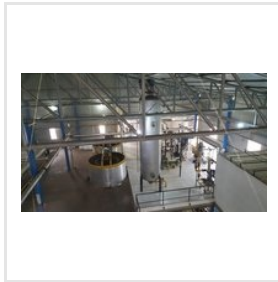

Key Facts

Primary Competitive Advantages	winterisation plant,continuous bleaching,LAUNDRY SOAP PLANT,toilet soap plant,soap noodles plant,grain storage silo,effluent treatment plant,oil milling plant,polishing filter,palm oil refinery
No of Staff	45
Year of Establishment	1994
OEM Service Provided	No
Memberships	EPC
ProductRange	winterisation plant,continuous bleaching,LAUNDRY SOAP PLANT,toilet soap plant,soap noodles plant,grain storage silo,effluent treatment plant,oil milling plant,polishing filter,palm oil refinery

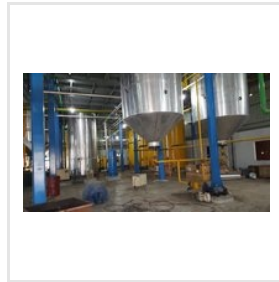

Our Products

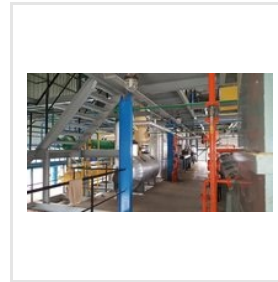

**Durable Solvent
Extraction Plant**

**Heavy Duty Solvent
Extraction Plant**

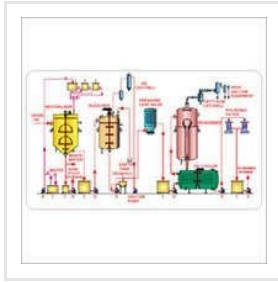

**Solvent Extraction
Plant**

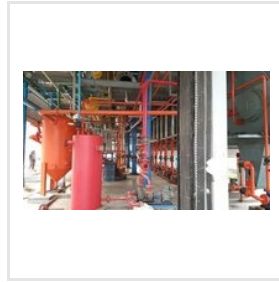

**Chemical Refining
Plant**

Hydrogen Gas Plant

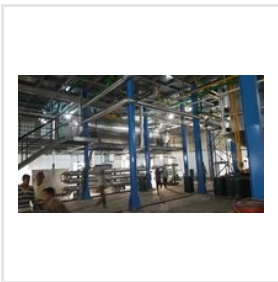

**Batch Neutralizing
Plant**

**Solvent Extraction And
Refining Plant**

**Hydrogen Production
Unit**

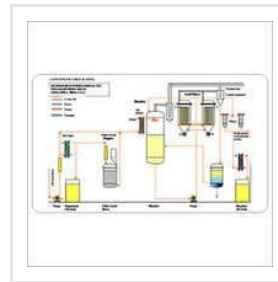

**Continuous Oil Refining
Plant**

**NMP Solvent Extraction
Plant**

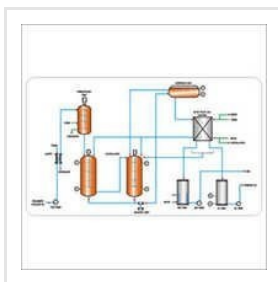

**Fractional Distillation
Unit**

**Continuous Bleaching
Plant**

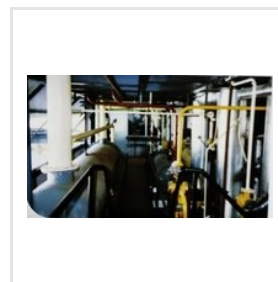

**Margarine And
Shortening Unit**

Winterization Plant

Dry Fractionation Unit

20180502

ADDRESS
**2/86, W.H.S., Kirti Nagar, New
Delhi, Delhi, India (110015).**
