About Us

Our company, **JS Technomech Pvt. Ltd.**, has dedicated all of its efforts towards meeting our clients' diverse industrial requirements with speed. The constant hard work and quality focus helps us in pleasing our customers to the fullest. The goal of our enterprise is to continuously deliver them with premium Profile **Sheets, Bolts, Industrial Trolley, Portable Equipment Trolley, Die Tools, Sheet Metal Components**, etc. that are certified by experts as the best in the market. All of these offerings match perfectly to the standards of ISO 9001:2008. By ensuring such compliance to the ISO standards, we strive to attain maximum customer satisfaction.

Under the leadership of **Mr. Sami Khan**, our enterprise works as a **manufacturer**, who constantly focuses on providing high benefits to associated clients. Further, we also function as a service provider that helps customers immensely by rendering auxiliary **Installation Services, Repairing Services** and more. We charge reasonable sum of money in exchange of rendering such premium services.

We, **JS Technomech Pvt. Ltd.**, at our premise focus immensely on maintaining the quality of our diverse industrial range of Roofing Panels, Roofing Sheet, Profile Sheets, Sheet Metal Components, Roof Ventilation System etc. The aim behind such concentration of focus is to ensure that all of our clients receive the best industrial products at their doorsteps. A major concern of our business apart from quality is the timely delivery of clients' orders. From the very start of our business journey, we have made sure that all of our ordered goods reach clients on time. For the assurance of this, our **Gurugram (Haryana, India)** based company has made strong partnerships with leading group of logistic agents, they help us in reaching our clients within promised time frame.

Manufacturing Facility

In our top notch manufacturing facility, we carry out all of the essential production activities with precision to manufacture high quality industrial offerings. The facility is backed with the support of a skilled production team, which works in complete harmony to bring forth standardized quality offerings. To help this diligent team, we have installed the best machinery set ups in our facility. Top class lathe machines, sheet shearing machines, metal sheet forming machines, etc.
