## Manufacturers of FAIR™ brand Pressure and Temperature Gauges

We are a leading manufacturer and supplier of a wide range of Pressure Gauges and Temperature Gauges under our FAIR™ brand. Our products are manufactured using the finest raw materials and to rigid international standards like BS, ANSI etc. as also to Indian Standards and are designed to meet the requirements of our clients. Our facility is equipped with the latest machine tools, calibration services and precision inspection devices along with qualified, trained and experienced engineers & craftsmen. We take meticulous care from the raw material stage right up to the finished goods and offer built-in guarantee for reliability and performance.
