About Us

Incorporated in the year 1986, our organization gained a rich experience with an aim to offer the best possible quality of products to the clients. Today, J.B.Sawant Engineering Pvt. Ltd. is one of the leading manufacturers, exporters, importers and suppliers of a wide array of products such as Oil Sealed Vacuum Pumps, Water Ring Vacuum Pump And Compressors, Booster, Vacuum System, Mechanical Booster Pumps, Vacuum Measuring Instruments and Vacuum Related etc. These products are of high quality, durability and as per clients requirement and international standards.

We introduced JEBIVAK vacuum pumps and got certified from INDIAN VACUUM SOCIETY in 1997 for our outstanding contribution in the field of Vacuum Science and Technology on the occasion of National Symposium held at BARC Mumbai. We have a skilled and dedicated team of professionals having rich industry experience and qualification. Owing to their extreme efforts, we have reached the heights of success all over the globe.

J. B. Sawant Engineering Pvt. Ltd. from Thane, Maharashtra, India is a 30 years old company, working as a manufacturer of vacuum pumps, pressure pumps and compressor pumps. These products are exported in the markets of Gulf and Middle East Countries, where they receive tremendous response for their unquestionable quality & performance. In our company, we give a stronger emphasize on research and development. Accordingly, additional support is provided to our manufacturing unit and quality laboratory, if it is deemed necessary in our research findings. This way, avant-garde nature of all pumps is assured. Customers can choose from our range, on the parameters of Air Flow Capacity (Lit/Min.), Electric Motor (HP/Phase), Number of Stages, Pressure (Kg/Cm²) and Vacuum (mm Of Hg.).
