About Us

If you are willing to choose for an appropriate company to avail efficient and cost-effective solution for medium to heavy duty material handling equipment, then you are on right path. ISO 9001:2008 certified Mahindra Stiller Auto Trucks Limited is a professionally managed company successfully operating as a Manufacturer and Exporter of a vast range of Fork lift trucks, Industrial Lifts, Drum Lifters etc. Started our business in the year 1971, we are specialized in developing offered range in multiple specifications as per clients' requirements. Over the years, we have been able to diversify our range of products with the aid of hi-tech and ultra modern techniques. Behind this successful reach, our founder Mr. Jyotinder Singh has played a very important role who has put all his exertions in a positive manner in meeting organizational goals. Quality and technology are the main driving forces which lead us to deliver a high performing range of material handling equipment. Other than this, we also have in-house designing section that is well-equipped with latest CAD/CAM facilities for robust designing of advanced hydraulic as well as material handling machines.

As a reckoned name in the automotive industry, Mahindra Stiller Auto Trucks Limited is working with great diligence in providing a high performing range of medium to heavy duty industrial equipment. Our range of products like Material Handling Stackers, Industrial Golf Carts, Drum Lifters, Pallet Truck and Industrial Trolleys is a perfect illustration of technological advancement of our manufacturing unit. We operate our business from Faridabad, Haryana, India and manufacture each equipment after detailed research. We always implement innovative technology to international standards of quality. Our infrastructure is equipped with highly advanced manufacturing set-up that is handled under the stern guidance of experienced designers and engineers who use best of their skills to introduce innovative concepts of engineering throughout the process.
