About Us

Founded in 1981, Safe Auto India Pvt. Ltd. is a trusted manufacturer and supplier of precision-engineered stainless steel and alloy-based components. Headquartered in Pune, Maharashtra, India, we have built decades of expertise in delivering high-quality products that serve diverse industrial needs. Our consistent focus on quality, innovation, and customer satisfaction has established us as a preferred partner across domestic and global markets. We specialize in the production of SS Spindle, SS Cylinder, Pressur Plate, Monel Flanges and Stainless Steel Gate Valves. Each product is carefully designed and manufactured using premium-grade materials and advanced technology to ensure strength, durability, and superior performance. With a commitment to precision, our products cater to critical applications in industries such as automotive, engineering, oil & gas, and general manufacturing.

Quality is at the heart of everything we do. Every product undergoes stringent quality checks, ensuring compliance with national and international standards. By investing in advanced machinery and skilled professionals, we guarantee products that not only meet but often exceed client expectations. Our dedication to consistent quality has enabled us to earn the trust of customers across sectors and geographies. Since our establishment in 1981, we have continued to evolve with changing industry demands. By integrating modern technologies, improving processes, and expanding our product range, we remain committed to delivering solutions that enhance efficiency and performance. Our goal is to contribute to industrial growth by offering components that combine precision, reliability, and durability.
