About Us

Amaani Polyflakes is manufacturer of recycled from pet bottle flakes. Recycling of post consumer pet bottle into pet flakes, washed pet flakes, etc. The company is located in Morbi, a center place of Gujarat. Recycling is considered as one of the convenient ways to have a positive impact on the environment. There is an increase in the global greenhouse gases and landfills fill up recycling process has gained more importance than ever before. Amaani Polyfalkes contributes in making this world a better place to live by continuously recycling non-biodegradable plastic pet flakes like pet flakes,washed pet flakes,etc. We are a company cherished and acknowledged by customers, employees, stakeholders as well as the society for our dedicated and unending pursuit of producing premium and environment friendly products while striking an equilibrium between both profitability and work-life balance.

Amaani Polyflakes is capable of supplying in different colors ranging from white, green depending on customers specific requirements. Amaani Polyflakes is also supplying hot washed flakes of best quality for different applications starting from film, sheet, fiber, resin, strap, mono filament, color master batches.

Amaani Polyflakes is constantly researching and has established R&D facilities with excellent and wide infrastructure base in an area of 50000 sq.mt equipped with latest technology based machines as well as laboratories. The production plant is capable of producing 1500 kg/hr, and strictly follow all safety norms to make sure our workforce is happy and safe.
