Pasta Machine Manufacturer

S. K. INDUSTRIES

ISO 9001 : 2015

About Us

At S. K. Industries, we are involved as a Manufacturer and Supplier of food processing machines such as Pasta Making Machine, Vermicelli Machine and Macaroni Making Machines. The foundation of our firm was laid in 2008, and since then we are highly involved and dedicated towards the reduction of human efforts by manufacturing various food processing machines with high quality and durability. Located in the National capital region of the country, Noida we have reached to every corner of the country to provide simple and excellent performing equipment. The design of all our products are exclusive and attractive and is such that the equipment is easy to operate and easy to handle. With zero or minimum wastage, our products effectively deliver the required products each and every time.

Our perfect team of engineers, designers and workforce enables our production house to generate up to 16 units per month and attain the export percentage of 5 percent. All our products are of global industry standards and we have been able to attract a huge client base in the country as well as outside the country. All our products are made from brass copper which gives the products strong and long-lasting structure and body making them robust and reliable.

S.K. Industries established in 2003 and located in Noida, Uttar Pradesh (India). It is more than a decade now that we are successfully serving our clients and we also attained a solid reputation in the market. Further, we are actively engaged in manufacturing and supplying an extensive range of Food Processing Machines, Macaroni Making Machines, Macaroni Processing Machines, Vermicelli Machine and many others. We are one of the foremost companies that complies their products with the international quality and safety standards. The offered products are fabricated under the supervision of our skilled professionals by utilizing advanced methodology and quality assured raw materials that are obtained by the authentic vendors of the market. Apart from this, the products are rigorously analyzed on several parameters, that ensures their optimum performance, longer service and unmatched quality.

**Key Facts**

Nature of Business	Manufacturer
Primary Competitive Advantages	pasta vermicelli machine ,spagetti pasta plant ,pasta vermicelli making machine,pasta extruder machine,pasta plant,Static Drayer,Macaroni Pasta Machine,Pasta Machine Manufacturer,Pasta Macaroni Machine,Macaroni Machine
No of Staff	50
Year of Establishment	2003
No of Production Lines	1
OEM Service Provided	Yes
Monthly Production Capacity	15
ProductRange	pasta vermicelli machine ,spagetti pasta plant ,pasta vermicelli making machine,pasta extruder machine,pasta plant,Static Drayer,Macaroni Pasta Machine,Pasta Machine Manufacturer,Pasta Macaroni Machine,Macaroni Machine
