About Us

Ultra Mix Germantech is an emerging brand of a diverse range of industrial machines. As a Manufacturer, we offer a wide range of Dry Wall Putty Machine, Screw Conveyor, Industrial Screw Conveyor, Ball Mill Machine, Sigma Mixer Machine, Mini High Speed Disperser and many more. In addition to the aforementioned machines, as a Service Provider we render Filling Machine Repairing Services to our clients. All the above mentioned products and services are provided by the highly skilled experts of our company within the specified time frame. The main aim of our business is to serve our customers with top-of-the-line products and impressive services. Our offered machines are robust, durable, strong, renders jerk free functionality, noise free operations, etc. Keeping in view, that actual impression of a manufacturing company remains on clients is of after the sale of a product. We make efforts to satisfy our clients in the best possible manner we can.

Ultra Mix Germantech started its journey in the year 2016 and within such a short period of time, it has earned the trust of numerous people in the market by its transparency in business dealings. The success of our Sonipat (Haryana, India) originated business can be witnessed by our last year's annual turnover of INR One Crore. All the machines produced by us are easy to install and reliable. The engineers of our company make use of all the available resources in order to produce the machines according to the clients' requirement. Every business has a support system and the backbone of our company is our guiding light mentor, Mr. Anil Pathak. With his vast product knowledge and experience of many years, we are constantly growing in the market and receiving overwhelming response from customers based in all parts of the nation.

Key Facts
