About Us

One of the most beneficial and healthy options that one can include in his everyday meal diet is Rice. Rice is considered as the most staple food item because it is consumed by millions of people everyday. It is so because it is highly rich in carbohydrates and is also an excellent source of iron, folic acid, magnesium, selenium, etc. In order to gain all the aforesaid nutrients, it is suggested as well as essential to consume only best quality Rice, like the ones that we offer. We, Green And Green Agro Industries are a reliable Manufacturer and Exporter of Non Basmati Rice, Broken Non Basmati Rice, Parboiled Non Basmati Rice, Kolam Non Basmati Rice, along with a host of different variety, types and sizes of Rice. In addition to this, we also deal in Rice Flour.

In order to bring forth only superior grade, easy to digest, pure, fresh and highly nutritious rice and rice flour, we maintain hygienic conditions and use advance processing machines. We have also developed a sound warehousing unit where we store the processed gamut and keep it safe. Our company started its operation in 2006 and is today, growing at a fast pace by working under the mentor-ship of Mr. Nirav Patel (Owner).
