About Us

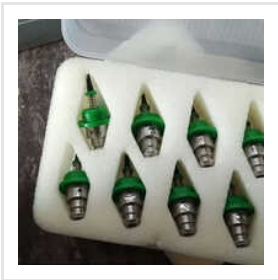

Our company, NCR SMT Solutions, is known in the market as one of the leading suppliers and traders of quality products like Automatic SMT Pick And Place Machine, Juki Nozzles, Samsung SMT Nozzle, Air Compressor, Solder Paste Printer, and more. We procure these products from trusted vendors and manufacturers in the market. These people are chosen after thorough market research, and each product is passed through a series of quality assurance tests. This helps us make sure that their quality is on par with international standards. Our products are highly appreciated by our clients for their durability, robust construction, and efficiency. We have customized our product range, keeping in mind the requirements of our clients and current market developments.

We have a reputation for being a leading service provider. The services we offer our clients include reflow oven installation services, etc. These services are provided by our team of expert professionals. These people have years of experience and are capable of providing quality services and completing every project efficiently.
