About Us

Established in 2013, Velox Corporation is a prominent manufacturer, supplier, and trader of high-quality foundry materials. We specialize in selling Foundry Resin Petroleum, GPC Graphite Petroleum Coke, Chromite Sand, Black Resin Coated Sand, High Refractoriness Resin Coated Sand, and other essential foundry materials. These are processed after following a planned manufacturing process in which we employ advanced techniques. Our products are supplied after passing quality tests that assure us about their supreme quality and usage in diverse industries. Our products are extensively used in various industries such as steel, transportation, construction, infrastructure, and energy, reflecting the rapid development and urbanization of our country. We have realized the competitiveness in the markets and the significance of quality to maintain an edge over others in this competitive arena. All our endeavours are driven by our mission to create the best products and provide better services to our clients.

We are dedicated to upholding ethical business conduct, putting the needs of the client first, and making prompt deliveries. We efficiently manufacture and deliver foundry materials thanks to our cutting-edge infrastructure setup. Our team of specialists holds extensive knowledge and experience in the foundry materials sector, which enables us to provide precise solutions to meet the demands of our numerous customers.

Key Facts

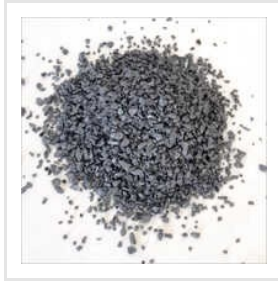

No of Staff	20
Year of Establishment	2013
No of Production Lines	1
OEM Service Provided	No

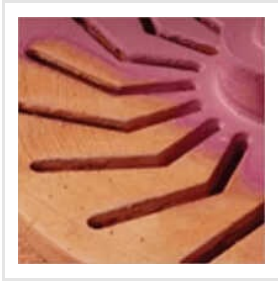

Our Products

Carbon Additives

Ferro Silicon Inoculant

Mould Coatings

Resin Coated Sand

Chromite Sand

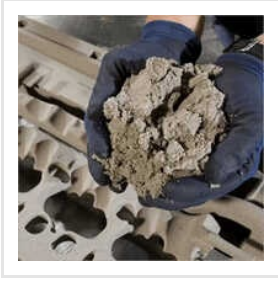

Ferro Alloys

Perlite Ore

Ramming Mass

Mould Binder

Resin Coated Sand

Chromite Sand

Black Resin Coated Sand

High Refractoriness Resin Coated Sand

Nitrogen Free Resin Coated Sand

Phenolic Resin Coated Sand

GPC Graphite Petroleum Coke
