About Us

We, DNR Alloys are a company that relentlessly work to achieve success and make higher profits but without compromising on product quality, business ethics or customer satisfaction. And, these three factors are the founding pillars of our company because of which we are enjoying the respect that is matchless. Every business operation that we perform as a trader, always circles these parameters. For this reason, customers of this domain prefer choosing us over any other company for sourcing EN-1A Non Leaded& Leaded, EN-8, EN-8(M), EN-19, M.S, Alloy Steel Round, Hexagonal, Flats & Square Bars. Being into the domain of trading, we have established long lasting relations with many manufacturing companies which pay stringent attention to the quality standards of the products they offer us. Our vendors are another reason due to which we are climbing ladders of success.

DNR Alloys is a company that is known for conducting all the business activities in a systematic manner after understanding clients' requirements thoroughly to provide them the products of their choice. EN8 MS Round Bar, MS Round Bar, MS Hex Bar are few of the products from our product line that we sell our customers at highly competitive prices. All the products that we offer are quality assured and sourced from reputed manufacturing companies. The distribution network that we own begins from our base set up in Mumbai (Maharashtra, India) and spread across India.
