About Us

We, Shamrock overseas limited, are a reputable importer, manufacturer and supplier of water soluble fertilizer, PGR and technical pesticides. We provide cutting-edge solutions that improve crop productivity and quality to meet the changing needs of the agriculture sector with a dedication to excellence and innovation. Modern manufacturing techniques and premium imported components are used in the making process of our goods to ensure maximum nutrient absorption and sustainable farming methods. With the support of an expert team and strict quality control procedures, we work hard to provide top-notch goods that enable farmers to grow healthier and higher-yielding crops. Our commitment to promoting agricultural sustainability and bolstering global food security is the core of our purpose.

Our company was founded in 1965 and has a long history spanning more than 50 years in the industry. We have been at the forefront of manufacturing excellence. We have continuously grown throughout the years to meet the ever-changing needs of contemporary agriculture by utilizing our wealth of experience and ingrained knowledge. Our steadfast dedication to quality, innovation, and customer satisfaction guarantees that every product bearing our brand maintains the reputation for dependability and efficacy that we have amassed over many generations.

Key Facts

No of Staff	150
Year of Establishment	1965
OEM Service Provided	Yes

Our Products

75% Phosphoric Acid

Fulvic Acid 80%

Mono Ammonium Phosphate NPK-12-61-

Potassium Sulphate NPK-00-00-50

NPK-20-20-20 Fertilizers

85% Phosphoric Acid

50% Amino Acid

NPK-13-40-13 Fertilizers

NPK 00-60-20 Fertilizers

Calcium Nitrate Fertilizers

NPK-19-19-19 Fertilizers

Potassium Schoenite NPK-00-00-23+11%

Chelated Zinc EDTA Zn 12% Micronutrient

Chelated Iron Fe-EDTA-12%

Boron-20% Micronutrient

Ampoxcilin Mix Micronutrient
