

THE LEADING MANUFACTURER OF

CHAPATI MAKING

MACHINERY

www.radixchapatimachine.com

About Us

Incorporated in the year 2013, we "Radix Industries" are a leading entity that is affianced in Manufacturing and Supplying an advanced range of Roti Making Machine and Chapati Making Machine. These machines are used in various hotels, canteens and restaurants for preparing soft and puffed chapatis with uniform shape. Meticulously manufactured under the fruitful guidance of our adept professionals, our offered machine is designed with user friendly interface that can be easily operated by an ordinary labor with minimal training. Our offered machines are high on demand in the market for their flawless performance, energy efficiency, robust construction, hygienic operations and long service life. We provide this machine with high utility features that differentiate them from others.

We have a facility enriched infrastructure located at Rajkot (Gujarat, India) that enables us to manufacture these machines with advanced features. Owing to their sturdy construction and high productivity, these machines are widely appreciated in the market. Since our establishment, we have been catering to the specific demands of various places where chapatis are needed to be cooked in bulks like industrial canteens, schools, college and army mess, religious langars, MNC canteens, tiffin services, etc. We have kept reasonable prices for these machines that are the other aspect to stand tall in the market and also to catch the attention of our clients. Quality, perfection and promptness are the supporting pillars of our growing firm.

Our Infrastructure

Aiming to offer high utility machines to our valuable clients, we have set up an advanced and fully-equipped infrastructure unit at our industry campus. Our well-sprawled infrastructure supports our production operations and helps us to manufacture best-in-class machines. We have hired a team of adept and agile professionals for each division who manage the process in an appropriate way. Over the years, we have been able to meet the urgent demands of the clients within the time fixed by them.

Automatic Chapati Making Machine

Model: RCA-01

Machine

Automatic Chapati Making Machine - Belt Type

Production Capacity

1000 Roti/Hour

Power Supply

230V (Single Phase)

Electric Connection Load

5 HP

Power Consumption

2.5 Unit/Hour

Gas Connection

LPG, PNG

Gas Consumption

2.5 Kg/Hour

Thickness Adjustable

0.8 mm - 5 mm

Size Adjustable

2 in - 9 in

Roti Baking

Three Layer Technology

Motor

Crompton / Godrej / Any Standard Make

Gear Box

Standard Make

Drive

Crompton / Any Standard Make

Bearing

TIMKEN

Electric Parts

Standard Make

Body

S.S. 202

Contact Parts

S.S. 304

Size

75 in x 30 in x 55 in (L x W x H)

Weight

450 Kg

Automatic Chapati Pressing Machine

Model: RCP-01

Production Capacity
1000 Roti/Hour

Power Supply
230V (Single Phase)

Thickness Adjustable
0.8 mm - 5 mm

Motor
Godrej / Any Standard Make

Gear Box

Size
26 in x 24 in x 24 in (L x W x H)

Weight
90 Kg

Electric Connection Load
4 HP

Size Adjustable
2 in - 9 in

Power Consumption
2 Unit/Hour

Automatic Chapati Rosting Machine with Chapati Pressing Machine

Model: RCRP-01

Production Capacity
850 - 1000 Roti/Hour

Power Supply
230V (Single Phase)

Gas Connection
LPG, PNG

Roti Baking
Single Layer Technology

Body
M.S.

Contact Parts
M.S. with Teflon Coating

Size: Rosting
48 in x 48 in x 48 in (L x W x H)

Size: Pressing
26 in x 24 in x 48 in (L x W x H)

Weight: Rosting
250 Kg

Electric Connection Load
0.5 HP

Gas Consumption
2.5 Kg/Hour

Power Consumption
0.5 Unit/Hour

Doughball Making Machine

Model: RDB-01

Production Capacity
2000 - 2500 /Hour

Power Supply Electric Connection Load Power Consumption
230V (Single Phase) 0.5 HP 0.5 Unit/Hour

Size Adjustable
