About Us

Aviraj Urja is a well-established construction and industry firm dedicated to providing quality suspended platforms and aerial work solutions. As an importer, supplier, manufacturer, exporter, and service provider, we are dedicated to providing a diverse array of products such as steel rope suspended platforms, suspended working platforms, pin type suspended cradle systems, suspended hanging platforms, aerial work platforms, and control electrical boxes. Our products are precision-engineered to deliver excellent performance, energy efficiency, and long life, making them ideal for large-scale construction, maintenance, and infrastructure development activities.

Aviraj Urja, a renowned company, was formed in the year 2016. It is based in Gurgaon, Haryana, India, and is involved in the trading and manufacturing of superior quality suspended platforms, pin type suspended cradle systems, hanging platforms, and aerial work platforms. Under the guidance of Mr. Anubhav Singh, we have earned a good reputation and have a humongous client base all over the nation. With our track record of being a sound manufacturer, supplier, and service provider, our area of expertise is energy-efficient products, ensuring maximum sustainability and higher performance. Electrical control boxes are also part of our extensive product line, which meets global safety standards. With an undeterred spirit of quality and customer satisfaction, we remain committed to delivering innovative solutions catering to the diverse needs of industries.
