About Us

We, R.S Pigments, take pride in being a part of a family owned business that was founded a century ago. With our establishment, our diversified group had expanded its roots to other sectors by offering varieties of ultramarine blue pigment. As a manufacturer and supplier of Blue Powder, Ultrafine Blue Pigment, Paper Coating Ultramarine Blue Pigment, Paint Industry Blue Pigment and Plastic Grade Blue Pigment, we constantly innovate and develop products and processes. By remaining committed to the vision of our group of achieving a leading position in the market, we constantly aim to bring forth the best chemical based pigments. Besides, we remain committed to our values of dedication, integrity and honesty. Our team of proficient people render our customers quick response to the customers with their technical expertise.

Quality and continuous development of our services and products aids us in fulfilling the requirements of our customers. By keeping customer requirements first, we have developed long lasting relations with our customers.

The production facility of R.S Pigments sprawls over 5,00,000 square feet area in Hathras, Uttar Pradesh, India. Backed by this facility, we are able to produce 1000 tonnes of blue pigment annually. We have also developed an in-house process system for bringing forth Plastic Grade Blue Pigment, Plastic Grade Blue Pigment Powder, Paint Industry Blue Pigment, Paper Coating Ultramarine Blue Pigment and more, of nonpareil quality. Besides, we have an in-house quality checking laboratory for testing procured raw material and developed pigments. Moreover, our facility aids us in finding synergies in developing programs with which we easily optimize our manufacturing process. Furthermore, it is the assistance of our employees that supports us in manufacturing ultramarine pigments that find usage in various sectors including plastic, inks, cosmetics, paints and more.
