About Us

Switch Mart India is dedicated to providing superior electrical components that exceed the requirements of contemporary industries. As a supplier, manufacturer, and trader, we have expertise in delivering a variety of precision-engineered products, such as xt60 electrical connectors, cpu wire harness connectors, relimate cpu connectors, pcb mount terminal blocks, double decker pcb terminal blocks, micro usb connectors, main door switches, zener diode sets, metal oxide varistors, mini rocker switches, c off rocker switches, and others. Our products are designed with reliability, efficiency, and innovation to facilitate easy integration into a variety of applications.

With a focus on reliability, our electrical connectors are designed to work in harsh conditions, with temperature stability, vibration resistance, and waterproofing for outdoor use. The cpu wire harness connectors precision-made guarantee smooth data transmission, while relimate cpu connectors guarantee support for multiple platforms. Our pcb mount terminal blocks are space-efficient and tool-free for mounting, and our double-decker pcb terminal blocks have the highest connection capacity without additional space needs.
