About Us

Kundu Electric is a prime Manufacturer, Supplier, Trader and Service Provider of high-quality Oil Testing Kit, Monoblock Pump, Solar Panel Mounting Structure, Solar Cable, DC Connector, etc. Since our inception, we have focused on providing end-to-end solutions that combine technology, quality, and affordability. Our deep understanding of electrical systems and solar energy infrastructure allows us to address diverse needs across residential, agricultural, and industrial segments.

Our journey started with a modest setup aimed at manufacturing and servicing electrical devices. Over the years, we have grown into a multi-faceted company offering manufacturing, trading, and installation services under one roof. We offer a carefully selected and rigorously tested range of products that serve the practical needs of customers while aligning with modern industry standards.
