About Us

Over a decade ago, in the year 2010, we launched our company, Bright Tech Engineering & Automation System, to offer our technologically innovative portfolio of goods to a variety of different industries. As a manufacturer and supplier of a sophisticated range of goods, we have achieved considerable popularity. Idler PU Coated Roller Automobile Industry Conveyor, Industrial Welding Positioner, Capacity Welding Positioner, 2 Ton Capacity Welding Positioner, Slat Conveyor For Radiator Assembly, 125 Mtr Final Assembly Line Conveyor Extension, etc., are a few products from our broad selection. The explanation why our goods have been so popular among many industries is that we aim to preserve their best quality and deliver them to our customers at the most nominal prices. Moreover, we also provide AMC services but only after sales.

As a business that respects its clients, we, Bright Tech Engineering & Automation System, have succeeded in winning the confidence of many customers from the market. Thanks to the quality-assured goods we offer to our clients, this has become feasible. We begin by properly evaluating custom specifications correctly and provide buyers with the most suitable solutions. Our variety of items, including 30 Ton Capacity Welding Positioner, Tsubaki Chain Conveyor, Slat Conveyor For Radiator Assembly, Special Purpose Machines, Overhead Conveyor System, etc., has always met the customer requirements. In addition, we have our company premises based at Bhosari, Maharashtra, India, where we precisely process our range and supply it to various customers across the market.
