## About Us

Balaji Scaffolds came into inception in the year 2007. Our impeccable range of Base Plates and MS Dummy Plates find their use in metro lines and tracks. We also provide Scaffolding on rent. Our scaffolding, construction equipment and metro construction parts are known and recognized for their sturdiness, strength and durability. We have a firm approach towards ensuring the use of top notch quality metal alloys in the manufacturing process. We have a highly advanced and up-to-date manufacturing unit which makes us capable of delivering a large amount of parts and equipment with topmost quality. Extensive use of innovative technologies helps us to deliver state-of-the-art products which serve longevity and can withstand different atmospheric conditions. Accurate dimensions is an inbuilt attribute associated with our range of products.

We have been able to retain our customers and ensure their loyalty towards us through top grade product deliverance. Constant guidance is taken from the relevant people so that we can continuously improve upon our services. Having a decade long experience in the industry, our clients often visit us for various issues and intricacy, and we take pride in providing them with most appropriate solutions.
