

Industrial Servo 130 Toggle Clamping Injection Moulding Machine

Your Partner In All Right Choices

Industrial Direct Clamping Injection Moulding Machine, Industrial PET Preform Injection Moulding Machine, Industrial Servo 130 Toggle Clamping Injection Moulding Machine, Industrial Toggle Clamping Injection Moulding Machine, SMH 110 SERVO ECO SMART series Moulding Machine, SMH 150 PET injection moulding machine, SMH 150 PVC injection moulding machine, SMH 150 Servo ECO SMART series Moulding Machine, SMH 200 PET injection moulding machine, SMH 200 PVC injection Moulding Machine, SMH 200 Servo ECO SMART Series Moulding Machine, SMH 250 PET injection moulding machine, SMH 250 PVC injection molding machine, SMH 250 Servo ECO SMART Series Moulding Machine, SMH 350 PET Injection Moulding Machine, etc.

About Us

Super Mac Machinery is one of the reliable Manufacturers and Suppliers of the market offering advanced technology Servo 250 Direct Clamping Injection Moulding Machine, Industrial Toggle Clamping Injection Moulding Machine, Industrial Servo 130 Toggle Clamping Injection Moulding Machine, PET Preform Injection Moulding Machine, etc. We also render value-added after sale services for installation and maintenance. We provide high-end machines with unmatched productivity and design under brand name of "Supermac". They are widely used to mold highly meticulous and durable industrial components for catering to the demands of distinct plastic molding industries.

Established in the year 1976 by Mr. T. J. Panchal, Super Mac Machinery has become a prime manufacturer and supplier of Industrial Servo 130 Toggle Clamping Injection Moulding Machine, PET Preform Injection Moulding Machine, Servo 250 Direct Clamping Injection Moulding Machine, Industrial Toggle Clamping Injection Moulding Machine, etc. We have been offering advanced machines with excellent production rate and energy-efficient design. The company was started with a team of engineers ventured for assembling factory at Thane, Maharashtra, India. We moved to new factory at G. I. D. C. Kathwada for providing friendly working environment to the teams comfortable. Today, the company is located at Ahmadabad, Gujarat, India to provide the best to the clients in different sizes and specifications.

Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	toggle clamping injection moulding machine, horizontal injection moulding machine, direct clamping injection moulding machine, ram type injection moulding machine, pvc injection moulding machine, pet injection moulding machine, plastic injection moulding machine,
No of Staff	130
Year of Establishment	1985
OEM Service Provided	No
Product Range	toggle clamping injection moulding machine, horizontal injection moulding machine, direct clamping injection moulding machine, ram type injection moulding machine, pvc injection moulding machine, pet injection moulding machine, plastic injection moulding machine,

Our Products

SMH-110 PET Series Injection Moulding

SMT 130 Toggle Clamping Injection

SMT 90Toggle Clamping Injection

SMH 60 Servo ECO SMART Series Moulding

Servo 250 Direct Clamping Injection

SMH 110 SERVO ECO SMART Series Moulding

SMT 90 Toggle Clamping Injection

SMT 200 Toggle Clamping Injection

SMH 150 Servo ECO SMART Series Moulding

SMT 160 Toggle Injection Moulding

SMH 150 PET Injection Moulding Machine

Industrial Servo 130 Toggle Clamping

Industrial Toggle Clamping Injection

SMH 80 Servo ECO SMART Series

SMH 450 Servo ECO SMART Injection

Industrial Direct Clamping Injection

ADDRESS
**Plot No. 275, Besides Gate 2,
Main Road, G. I. D. C. ,
Ahmedabad, Gujarat, India
(382430).**
