About Us

We, Balaji Chem Solution Pvt. Ltd. established ourselves in the domain of polymer industry and machine making with a mission to stand amongst the leading manufacturers and traders. The company was originated in the year 2011 as a small enterprise and later by gaining experience in the market, now it stands as the most trustworthy brand of Paper Surface Sizing Agent, Paper Defoamer, Internal Sizing and Strength Resin. However, we have not limited our capabilities by adhering only to the making of aforesaid products. We understand the fact that in order to be irreplaceable by others, it is necessary to be the best and we can only be best if we provide our customers the best services. Therefore, we also work as service provider and render our customers several services like Deposit Control Program, Felt Cleaning and Conditioning Program. By adhering strictly to our commitments, we are fulfilling all the demands of our customers on time.

The business operations of our company, Balaji Chem Solution Pvt. Ltd. began in the year 2011 in a district of Punjab (India) – Sangrur; from where all our logistics and production processes are carried out across the entire nation. It is because of our diligent and highly skilled employees that we have set a wide customer base and strive to establish strong foothold at global level, as well. Our wide selection of products include Dry Strength Resin, Surface Additives and more of incomparable quality. Since we are a customer focused company, we pay stringent attention to achieve the maximum of it.
