About Us

Relying on a well-developed and modern setup, we, Modern Industries, are working as a reliable manufacturer and supplier of Wooden Chairs, Solar Water Pumping Systems, Prefabricated Buildings, Aluminum Cable Trays, Warehouse Sheds, and other such products. Since our inception in 2015, we have been offering a number of products across different categories. All the products are built to industry standards and are assured of good quality and durability. Apart from fabricating quality products, we are also working as a service provider, providing General Fabrication Service, Solar System Installation Service, and allied services as per the requirements of the customers.

Our set-up comprises different facilities for production, quality testing and other processes. In each of these facilities, we have installed machines and equipment to ensure the precise execution of various procedures under the guidance of skilled employees. They are experienced and knowledgeable in the industry, which helps us in engineering products in both standard and customized specifications.
