About Us

Packaging is one of the most important aspects of production and helps get various items to clients in pristine conditions. We, Vinayak Polymers follow international production standards that enable us to minimize our carbon footprint while creating the best. We are a leading Manufacturer of a wide range of items including Plastic Packaging Material, Air Bubble Rolls, Air Bubble Film Roll, Air Bubble Bags, Stretch Wrap Films and Non Woven Bags. The demand for our offered items has seen a steady rise over the years and helped us achieve tremendous growth. We have thus set up a spacious warehousing facility that holds a large quantity of our products and empowers us with the ability to handle bulk orders and make deliveries as per schedule.

Established in 2016, Vinayak Polymers is a company that has emerged as a leader in the market with its superior grade polymer products that are offered at the best prices in the market. Based in Ahmedabad, Gujarat (India), the company has a vision to expand its reach to major markets across the globe and has been working towards making its presence known throughout the nation. The customer centric policies of our company have helped us gain the trust of customers and gain a following across the nation. We have been able to establish strong business relations with all of our customers owing to which we have gained from repeat business.
