## About Us

Optics India Equipments Pvt. Ltd., is a reliable podium from where customers can make the purchase of Keeler Non Contact Pulsair Tonometer, Semi-Automatic Lens Tinting Machine, Grand Seiko Autorefractometer, etc. We are among the top manufacturers and suppliers, on which customers have complete faith. We design and develop our products under the guidance of expert professionals. Industrial norms are strictly followed by us because we know that they can help us to attain perfection and bring the best for our customers. We feel immense pleasure to report that our offered products are widely demanded because of their efficiency and excellence.

Customers not only from India but foreign as well prefer to buy from us because we have the ability to surpass their expectations. It is the headship of Mr. Ajay Parekh, which is showing us the right path to success and prosperity. Under his able guidance, we have witnessed glorious success and dominated the respective industry with our quality products.
