

BATTERY REGENERATION MACHINE

CUSTOMER FAITH WELL-KEPT FOR LIFETIME.

Battery Load Tester, RG16X Battery Regenerator Machine, RG4X Battery Regenerator Machine, RG8X Battery Regenerator Machine, Sun-C Battery Additive for Enhanced Battery Performance, SunC Battery Hydrometer for Gravity Meter, etc.

RG8X BATTERY REGENERATOR MACHINE

About Us

Sun C Battery Solutions And Regenerators Private Limited, established in 2012 in Pune, Maharashtra, India, is a leading manufacturer and supplier specializing in advanced battery solutions. We focus on Battery Regeneration Machines, Battery Hydrometers, and Battery Load Testers, offering innovative and reliable products for efficient battery maintenance. With a strong emphasis on quality, performance, and sustainability, our solutions extend the lifespan of lead-acid batteries, reduce waste, and promote eco-friendly practices.

Sun C Battery Solutions And Regenerators Private Limited, founded in 2012 in Pune, Maharashtra, India, is a premier manufacturer and supplier of advanced battery maintenance and regeneration solutions. Specializing in Battery Regeneration Machines, Battery Hydrometers, and Battery Load Testers, we provide innovative, reliable, and cost-effective products designed to enhance battery performance and extend their lifespan. Our proprietary Battery Regeneration technology enables efficient servicing of lead-acid batteries across industries, promoting sustainability and reducing environmental impact. With a strong focus on quality, technological innovation, and customer satisfaction, we have successfully established a wide network serving diverse sectors including solar power systems, automotive, telecom, industrial machinery, and more.

Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	battery regenerator
No of Staff	15
Year of Establishment	2012
No of Production Lines	2
OEM Service Provided	Yes
ProductRange	battery regenerator

Our Products

SunC Battery Hydrometer For

Sun-C Battery Additive For Enhanced Battery

Battery Load Tester
