About Us

Table Top Fogger Machine, Fumigation Machine, Hospital Curtains, Hospital Oxygen Pipe Line, Hospital Blanket, and many more products are widely used and are in high demand in hospitals and clinics. We, Surgical Engineer were founded to cater to that. For more than 30 years, we have been offering our clients a range of quality assured products at market-leading costs. Our hard work paid off because we are known today in the market as one of the leading manufacturers, suppliers, and traders in the market. We have thrived so well in this industry because we are very flexible with our working methods. We update our ways according to the latest industrial developments, ensuring that we are able to give tough competition to our rivals.

We have established a large infrastructure facility. Our production plant is equipped with cutting-edge technology-based machines to provide items that meet the highest quality standards. Furthermore, to provide total value for money, we ensure that our hospital equipment and instruments are supplied on time.
