Steel edge[®]

We are the leading manufacturer of stainless steel cutlery, kitchen ware, barware, tableware etc. We provide fine and classy cutlery that can add spark to our dining. Established in 1975, the successful combination of professional experience and creativity continues to set new standard of products and quality rapidly. Promoted under the guidance of Satwant Singh and Daljit Singh with the name mayor, bergen utensils (Kitchen) the company has strengthen.

Legacy have been carried out by Amritbir Singh, Gaganpreet Singh with the name of Steel edge passionately driven with the aim of repeating this success by producing high grade stainless steel design, highly functional, and affordable products which possessed a timeless elegant beauty.

Our work is constantly evolving and includes many process in house manufacturing units like polishing, gold plating, laser cutting, raw to final product, clientele national level. Our skilled cutlers, silversmiths and cabinet makers produce a range of quality goods that are both captivating and functional. We are specialised in metalwork and is particularly famous for our cutlery collection of sophisticated modern tableware and kitchenware, expertly selected for those who love to cook and eat.

We acknowledge our moral duty to maintain quality for our valued customers. Our products are crafted from the finest metal ensuring durability with the splendour. With the motto quality never compromised Steel edge has made its presence in the Indian market as well in the other parts of world. Steel edge something you can't get away with.
