About Us

The year 1995 saw the establishment of Condor Footwear (India) Ltd. in collaboration with Condor Trade, S.R.L., an Italy based footwear giant. The production processes were started in the year 1997. Today, we are trusted in the market as spectacular manufacturer, supplier, trader and exporter of superb quality Synthetic Slippers, Leather Slippers, Ladies Slippers, Mens Slippers, Casual Slippers, Formal Slippers and a wide assortment of Sandals with Polyurethane Soles For Ladies, Gents And Children. The production process of these products is as per industry standards, allowing us to produce some of finest footwear in the industry. We began manufacturing with 2 direct injection Synthetic machines, 2 series of moulds & specific number of styles. But today, we boast of over 12 series of latest moulds that are coupled with over hundred of styles for men as well women; and in all sizes starting from that of 3 years. Furthermore, our credibility in the industry is exemplary from the durable and latest material used by us, which we import from Italy.

We are recognized as a young and dynamic company in the market with an instinct to revolutionize the style, the terms and the quality at very economical rates. We have covered a long way in short time to establish our name in the footwear market and have earned remarkable reputation amongst Indian & International brands. We have adopted foreign technique to manufacture footwear by using artificial / synthetic leather that helps in saving the natural leather and environment. Today, we offer Synthetic Slippers, Leather Slippers and more in various colors, sizes and styles.

We have acquired full capacity production of about 10.50 million of pairs per annum. We are the leaders in manufacturing footwear in Italian designs. The elegant style of products that are in high demand in the domestic as well international market like Middle East, New Zealand, Fiji and Africa are made from sophisticated technology and latest equipments.
