

Cargo offered in packed condition in drums

All drums completely emptied on clean and dry tarpauline for inspection

Total material emptied out from all 10 drums

Material observed free from foreign material & slag contamination (close view)

One more close view of material - showing material is free from foreign material & slag contamination

Mixing of total material by making cone is in progress

Collection of Sample increment for Chemical analysis & Sieve analysis from the flattened material

Sample collected for Sieve analysis

Sieving in progress to check material below 10 MM size in progress

Sieving in progress to check material below 10 MM size in progress

Quantity of total material found below 10 MM Sieve

Calibration Checked for Weigh Balance – found in order

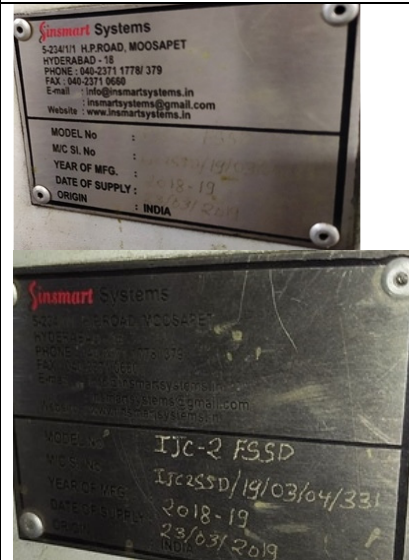

Material passed through 10 MM sieve checked for weight

Sample collected for Chemical Analysis

Sample Crushing in progress to get (-)10 MM size

Crusher details used to crush -10 MM

Sample preparation in process

Gross Sample completely crushed to -10 MM (55 kgs)

Gross sample mixed properly (-10 MM)

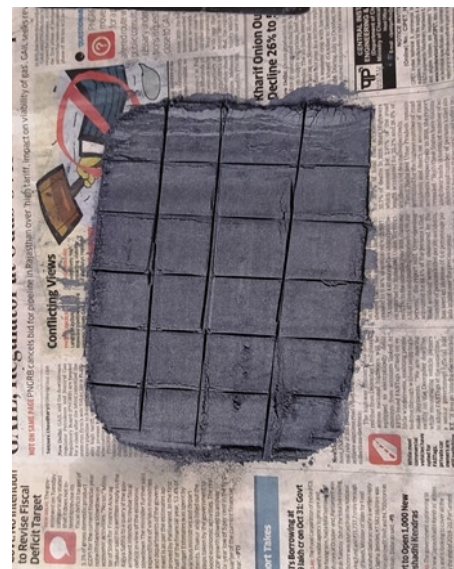

Sample size reduced to 7 kg by I.R. Method (3 stages)

Total 7 kgs (- 10 MM) further crushed to -2.0 MM mixed up properly.

Sample spread uniformly for I.R.

Sample size reduced to 400 gm by I.R. Method (3 stages)

Total 400 gm (- 2 MM) pulverised to 150 Micron mixed up properly spread uniformly for I.R.

Finally prepared 4 X 100 gm packets

Checked Tare wt of Individual drum

Individual drum checked for Tare wt

Individual drum checked for Gross wt.

Individual drum checked for Gross wt.

Drums sealed with SGS Numbered plastic wire seal

Drums sealed with SGS Numbered plastic wire seal

Drums sealed with SGS Numbered plastic wire seal

REF: BO2032221 -SK/A

DATE: 07.07.2020

NOTE : This report reflects our findings at the time, date and place of Inspection only and does not refer to any other matter.

CONCLUSION :

On the basis of above we report that the "Quality, Quantity & Packing of the goods Loaded/ Delivered are strictly complying with specification of the goods indicated in relative proforma invoice and any amendment made there to presented to us by the buyer."

The above reflects our findings at the time, and place of inspection. This report does not relieve sellers/suppliers from their contractual responsibilities nor does it prejudice the buyers right of claim towards sellers / suppliers for compensation for any apparent and /or hidden defects not detected during our random inspection or occurring thereafter.
