About Us

Nandini Entrepreneur Equipments Pvt. Ltd., is the first choice of quality conscious and discerning conscious buyers when it comes to cutting and threading tools, Die Head And Machines, etc., which is not surprising given that our company is one of the pioneering manufacturers of Portable Pipe Threading Machine, Electric Pipe Threading Machine, Electric Pipe Grooving Machine, Pipe & Bolt Threading Machine, Pipe Holesaw Cutter, Pipe Cutting Machine, Thread Cutting Oil, etc., from 1/4 to 8 inches capacity in India.

We quickly grew to prominence due to an unwavering commitment to quality. The pursuit of excellence begins with the selection of raw materials. For us, only the highest quality steel imported from the leading producers of the world would suffice. Even these are subjected to a thorough check by our ruthless quality inspection team to meet all criteria. The state-of-the-art machines used by our company for heat treatment and grinding provide a substantial value for money benefit to our clients. Our products are also cost-effective since our processes are. Furthermore, our marketing and R&D departments assist us in further streamlining our processes, allowing us to make our goods even more competitive.

The backbone of our company is, of course, a devoted team of engineers, technicians, and marketing experts who guarantee that only the finest reaches you. And if you have a specific request, we will make sure you get precisely what you want as soon as possible.
